

maxmechanik is your dynamic integral supplier whose core competence is precision turned, milled and drilled parts. Benefit from Swiss quality paired with Czech cost-efficiency.

In keeping with our motto "Swiss precision and more..." we offer you a full service which includes logistics and customs clearance. Our Swiss management team guarantees relationships with customers and suppliers based on partnership.

maxmechanik manufactures for industries such as:

- ➔ mechanical engineering
- ➔ tool and die making
- ➔ catering
- ➔ component engineering
- ➔ automotive
- ➔ furniture manufacture
- ➔ energy

maxmechanik offers you:

- ➔ processing of various metals and plastics
- ➔ one-offs up to small and medium batch production
- ➔ communication in German and English
- ➔ delivery to the ramp within 2-3 weeks of ordering
- ➔ euro accepted as a currency in addition to Swiss francs
- ➔ complete machining with audited cooperation partners
- ➔ coordination of IT systems for efficient communication

maxmechanik and CNC manufacturing options:

- ➔ MAS vertical milling and drilling machining centre (cubic)
Travel lengths in mm: X = 1016, Y = 610, Z = 660
- ➔ Mazak vertical milling machining centre (cubic)
Travel lengths in mm: X = 1000, Y = 250, Z = 400
- ➔ DMG Maho vertical milling machining centre (cubic)
Travel lengths in mm: X = 500, Y = 400, Z = 300
- ➔ CHIRON vertical milling machining centre (cubic)
Travel lengths in mm: X = 500, Y = 250, Z = 400
- ➔ Kitamura Mycenter horizontal milling machining centre (cubic)
Travel lengths in mm: X = 305, Y = 254, Z = 305
- ➔ Fehlmann PICOMAX milling and drilling machine (cubic)
Travel lengths in mm: X = 1000, Y = 435, Z = 590
- ➔ DOOSAN Puma machining and turning centre (rotary)
Turning in mm: length = 400, diameter = 350, bar capacity = 52

maxmechanik integrated quality management system:

The integrated quality management system has been certified by TÜV Süd (ISO 9001, ISO 14001 and OHSAS 18001) in December 2011. This makes **maxmechanik** one of the first mechanical suppliers in the Czech Republic to have a certified integrated quality management system.
